DSHA contributed \$270,000 from the Housing Development Fund to help finance development at Walnut Ridge. FHLBank Pittsburgh contributed \$160,000 toward phase one construction, which will consist of four new homes. New Castle Habitat is building nine townhomes total at the site.

[Walnut Ridge](#) homeowners must complete the HFHNCC homeownership training program, including financial and construction classes that help potential homebuyers financially and physically take care of their homes.

Senator Tom Carper joined volunteers at the site and delivered remarks at a late afternoon press conference. Thanks to New Castle Habitat and everyone involved!
