Delivery of Mortgage Loans: Once a 1st Mortgage Loan is closed, the Lender must deliver a complete 1st Mortgage Loan free of defects and have it purchased by Master Servicer prior to expiration of the reservation period. The Lender may request a one-time 15-day or 30-day extension prior to the expiration of the initial reservation. An extension fee will be assessed at the time the extension is granted. The cost of the extension is posted on the Mitas reservation site and the daily rate sheet.

The Master Servicer will net any unpaid extension or other fees due at loan purchase.

If a 1st Mortgage Loan is not purchased within the 60-day reservation period, or if extended and not purchased within the extended reservation period, the rate lock will expire. The Master Servicer (or DSHA) shall have no obligation to purchase a 1st Mortgage Loan after the expiration of the reservation or extension period.

NOTE: Lenders must monitor their pipeline and cancel “dead” 1st Mortgage Loan reservations through the Mitas online website prior to the reservation expiration date. Penalties for non-cancellation are \$300 (first mortgage). There will be no penalty charged if the Lender cancels the loan online or the loan is purchased within the applicable reservation period. Loan reservations are borrower specific, not property specific. In the event a property falls through, the borrower may select a new property to be financed without cancelling the existing reservation. Please contact DSHA to discuss timeline options.

Actions by Approved Lenders: To be eligible to reserve funds and originate 1st Mortgage Loans under the Program, all approved Lenders must submit to DSHA annually an updated Attachment to Exhibit A to the Offer to Participate, and advise of any changes (e.g., location address, phone numbers, contact names, etc.) relating to Lender’s originating offices where Mortgage Loan applications may be taken for processing and the annual participation fee of \$3,000.

How to Participate if not yet Approved: Financial institutions that would like to be approved by DSHA to participate in the Program may obtain the Offer to Participate and a copy of the Origination Agreement at <http://www.destatehousing.com/Lenders> to complete and return to DSHA. A non-refundable application fee of \$3,000 must be submitted with the Offer to Participate. If approved, the application fee will be applied to the first required \$3,000 Annual Participation Fee.

Program Operation: Prospective borrowers will submit applications for loans available under DSHA’s loan programs through Lenders approved by DSHA for participation in the loan programs. The 1st Mortgage Loans will be fixed rate, 30-year mortgage loans. The loan programs will be available to eligible borrowers on a statewide basis.

Lenders will reserve loan program funds with DSHA, process and underwrite the 1st Mortgage Loans, confirm program eligibility of the mortgagor and the housing unit being purchased, close the 1st Mortgage Loans with their own funds, and deliver 1st Mortgage Loans to the Master Servicer for purchase. This process may change subject to the guidelines of the Master Servicer.

DSHA will make DPA 2nd Loans (in conjunction with eligible 1st Mortgage Loans) to eligible borrowers, in order to provide down payment and closing cost assistance to borrowers. The DPA 2nd Loans will be funded at closing (table funded) by DSHA from its funds. The DPA 2nd Loan documents will be transferred to DSHA when the related 1st Mortgage Loan is sold to the Master Servicer.

Other Key Dates: **Compliance Package Delivery Date:** Complete compliance packages must be received for processing by DSHA at least three (3) business days prior to loan closing.

Origination Period: 60 days from loan reservation to purchase of loan by Master Servicer.

Extensions: A one-time 15-day or 30-day extension may be purchased prior to initial reservation expiration. An extension fee will be assessed at the time the extension is approved. See Mitas rate table for extension fee cost. Lender must obtain extension through the Mitas online reservation system by selecting the “Extend Commitment” option on the loan detail screen. Lender must click “accept” when presented with the amount of the extension fee. Only the 1st Mortgage Loan needs to be extended. Lenders may choose to pass along the cost of the extension. Should a Lender require more time in excess of an expired lock, such fees required to purchase the loan cannot be passed along and will be netted out of your proceeds once completion of selling the servicing to our master servicer.

Cancellation: Lenders must monitor their pipelines or be subject to fees or cancellation, as described in the Program Notice. Any loan which reaches the reservation expiration date will be subject to cancellation. DSHA provides the “Originator Detail Report” to assist Lenders in monitoring and managing their pipeline. The report can be found in the reports section of the Mitas system. Any unfunded loan which has reached the reservation expiration date, the rate lock will expire. The Master Servicer (or DSHA) shall have no obligation to purchase any 1st Mortgage Loan after reservation expiration, except in its sole discretion on a case-by-case basis.
